**Innovative and sleek modern design**

**12 key benefits of the Auto Remote Hardlid™ system**

A PRODUCT OF  
**A1TINT™**  
**MAGICIAN™**  
100% AUSTRALIAN OWNED

- ① Powered at the push of a button giving you added security, no keys to lock or unlock and no keyholes
- ② Module comes in both latching & sustaining mode meaning you can press the button just once & it will lift all the way up/down or you have the control by holding the button to the exact spot you want the lid to stay up/down
- ③ Each unit has a strong and smooth 68kg (150lb) lifting capacity with very minimal noise
- ④ Lids go up to over 70mm in height in less than 30 seconds
- ⑤ Draws only 4.4 amps of current from your Ute battery
- ⑥ Remote works 10 to 15 metres away from its control box
- ⑦ Just as easy to remove your hard lid if needed
- ⑧ Brackets are primed & coloured, Stainless Steel brackets are available, price on application
- ⑨ Easy to understand step by step installation instructions (installation is available from your dealer)
- ⑩ Full 2 year Quality Product Guarantee
- ⑪ No more of the initial lifting of the lid before a gas strut takes over, saves your back
- ⑫ Press the remote & the lid will lift up while you are parking the car, very convenient and safe
